## EXPERIENCE

### American Honda Motor Sports, Troy, OH - Shipping Materials Handler

January 2021 - PRESENT

- Responsible for maintaining a high level of quality
- Kept efficiency at or above 100% of expected

## EDUCATION

### Wittenberg University, Springfield, OH - BA

August 2020 - In Progress

I am currently a rising senior in the Biochemistry/Molecular Biology program at Wittenberg. I also have picked up a minor in Computer Science, and have already taken a class on Python, and in the fall I will take a class on assembly languages, and a class on discrete mathematics.

## Portfolio

In my portfolio, I have a **Portfolio Website** that I designed myself and deployed on GitHub. I have also completed a **Weather App** that uses an API to fetch the current weather for a user entered city. The last completed project is a **To Do App** that uses JavaScript to give the site CRUD functionality.
